NO.	DATE REC'D	ORIGINATOR DATE	ISSUE /CONCERN	NAME OR MEMBER NUMBER
65	08/22/18	08/24/18	<p>Since there are only two (2) bicycles, each user should be limited to 30 minutes. While waiting to get on a bike, you use other equipment. Maybe the people on the bicycles don't realize you are waiting for a bike, so they obviously, you are not going to stand over a person while they are on a bike, or tell them their time is up. Put signs on the wall in front of each bicycle notifying each person that they must get off the bike after 30 minutes are up!!</p>	Bathiah Bat-Levi x1287780
